

Darwin Stapel (he / him)

Berlin, DE
DJ

As versatile as a Swiss pocket knife, Darwin Stapel crafts dancefloor-focused sets with a distinctive sense of tension, groove and narrative flow, all under the roof of house music.

Known for unexpected selections that consistently bring joy to the dancefloor, Darwin Stapel blends house classics, Chicago and NYC house with pumping Old Skool records, alongside carefully selected tech & deep cuts. Punchy basslines and captivating vocals meet subtle cross-genre references of the disco, techno and hip-hop spectrum, creating an energetic groove with a distinct underground feel.

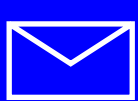

Darwin Stapel's musicality is grounded in movement: physical and highly instinctive. He builds intentional narratives over long arcs. Drawing from a deep understanding of house music's roots and the present moment, he guides the room with clarity.

As one of three co-founders of 'A-Side Berlin', that just celebrated its second edition at the iconic THF Tower rooftop terrace at the former Tempelhof airport, Darwin contributes to the local community with this house music dance party, centering BIPOC & queer audiences.

With recent and regular appearances in London incl. Dalston Superstore and brama, a Beatport Streaming Session and "House of Pride" – the official Berlin Pride After Party – his momentum continues to grow.
