Mandatory set-up

Stereo Monitor facing DJ at booth

Monitors have to be controllable via booth output on mixer

Pioneer CDJ 3000

Technics 1210 MK2 / MK5 Record Players

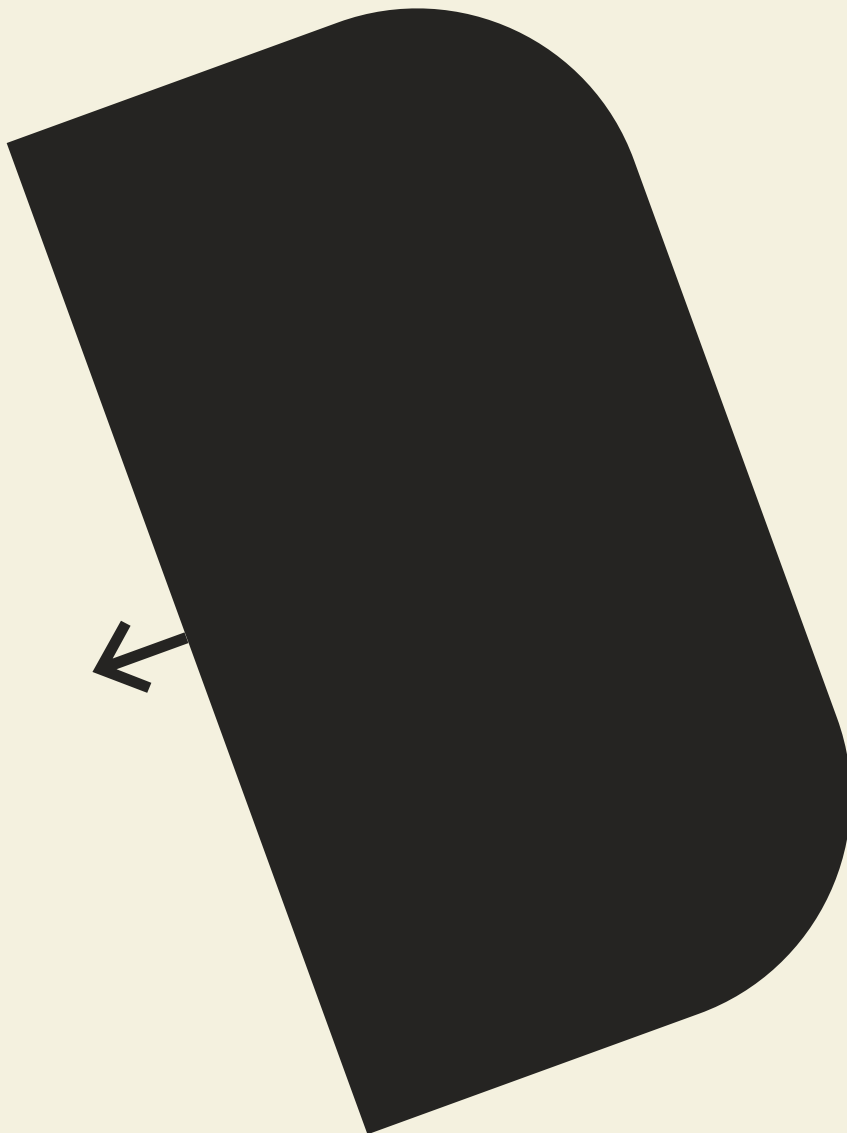

Pioneer DJM-A9, 4 Channel Mixer

Technics 1210 MK2 / MK5 Record Players

Pioneer CDJ 3000

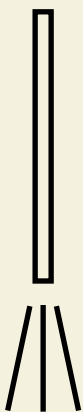

Stereo Monitor facing DJ at booth

Monitors have to be controllable via booth output on mixer

Turntables should be placed directly next to the mixer for optimal workflow.
The DJ booth should be inaccessible to guests to ensure an optimal workflow (e.g. barrier, stanchions, or door).

Small Light

Record Crate
